

COLOR ME PTFE

PTFE COATED O-RINGS FROM MFP SEALS CAN BRIGHTEN UP YOUR BOTTOM LINE!

The Benefits of PTFE Color Coated O-Rings:

- PTFE color coatings make identification easy, when used to distinguish sizes or materials.
- The PTFE coating extends wear life, resulting in reduced material decay and less downtime.
- Coated O-Rings are less susceptible to contamination and are easier to handle by not having to deal with messy oil-based lubricants.
- Added lubrication makes installation easier, reduces assembly time, and keeps machinery running smoother, longer. Less down-time equals more profit.
